**MEMORANDUM FOR: Deputy Director (Science & Technology)**

1. In a recent conversation with Colonel Geary he suggested that it would be advisable for us to prepare appropriate reassignment and rotation plans for all Air Force officers assigned to us, but especially for those working at [REDACTED]. It was his opinion that most of the key people there will finish a three-year tour in about a year and if they all leave at the same time, we will lose a great deal of continuity--even though the key people might be prepared to extend, this would be a hardship on some of them with families, and the Air Forces might be reluctant.

2. I think this suggestion has considerable merit and wish you would take it under advisement and tell me what you think we should do.
